

LARSEN & TOUBRO's CEO & Managing Director, Mr S. N. Subrahmanyam visits Mauritius and appraises work progress

Reflecting our seriousness of how important the Metro Express Project is both for the citizens of Mauritius and Larsen & Toubro, our CEO & Managing Director, Mr. S N Subrahmanyam visited Mauritius to appraise work progress of the Mauritius Metro Express Project. He proceeded with site visits on major construction sites and interacted with the site team. This also marked the near completion of a year since signing the contract for the project.

Mr. S. N. Subrahmanyam

“The Government of Mauritius has reposed their faith in our expertise to build a world-class metro and after having inspected the progress of the project, we are confident of meeting the Government’s expectations and requirements by delivering the project in time and to quality. The new light rail system will significantly transform the way Mauritius will commute in future!”

Sites Progress
