

METRO EXPRESS LIMITED

Vacancy – Post of Engineer/Senior Engineer

The **Metro Express Limited (MEL)** is a registered Mauritian Company wholly owned by the Government of Mauritius and the Company is responsible for the developing, financing, constructing, operating and managing the Metro Express Light Rail System in Mauritius.

We are looking for a highly motivated and proactive individual to join our team as **Engineer/Senior Engineer** with strong grasp of engineering disciplines. Collaborative in nature, you will be able to empathise with your clients' needs and utilise excellent communications skills with internal and external stakeholders.

The ideal candidate will be organised and methodical in your approach to managing your tasks and priorities, inquisitive self-starter, want to be intellectually-stimulated, and strive in challenging environment with a positive can-do attitude. If you can confidently demonstrate that you meet the criteria we are looking for, please send us your application.

A. Qualifications

Candidates shall have the following attributes:

- a) Possess a relevant degree in Engineering from a recognised University or an equivalent qualification acceptable to the Board of MEL;
- b) At least 5 years' post registration experience in the management and integration of civil-electrical-mechanical works preferably in the field of road and/or rail transportation including contract management and design management;
- c) Experience in managing a team and contractors, and maintaining business relationships with external stakeholders and local communities;
- d) Be registered as a Professional Engineer of Mauritius (or equivalent recognised international standing) in the fields of civil, electrical or mechanical engineering with the Council of Registered Professional Engineers of Mauritius under Section 13 of the Registered Professional Engineers Council Act no. 49 of 1965, and as subsequently amended;
- e) Conversant with International Federation of Consulting Engineers (FIDIC) conditions and forms of contracts will be an added advantage;
- f) Ability to interpret single line drawings, statistical charts, figures, technical measurements and results as well as able to operate any engineering software package;
- g) Eloquent communicator (verbal and written) with ability to quickly establishes credibility and simplify the complex data for all stakeholders, pro-actively draw out key issues and develop effective solutions commensurate with the level of risk involved;
- h) Excellent interpersonal skills, an inquisitive mind, and the ability to work effectively in a matrix organisation with multiple functions and organisational levels, together with a positive attitude and strong work ethic with high integrity required;
- i) Ability to be hands-on and detail oriented, manage competing priorities in a dynamic and fast-paced work environment by encouraging collaboration and knowledge sharing, and consistently delivering quality work to agreed deadlines.

B. Duties

The duties and responsibilities include but not limited to:

1. To assist in the supervision, monitoring and general management of the Metro Express Project and other projects falling under the responsibility of MEL;
2. To ensure oversight over contractors, subcontractors, consultants and coordination among all stakeholders ensuring all meeting their obligations;
3. To liaise and follow up with authorities, departments and private owners for wayleaves, whenever required;
4. To prepare and submit progress reports, briefs and notes at regular intervals and as and when required for the Board and the Monitoring Committee;
5. To analyse documents/reports submitted by Contractor/Consultant and any other agency and advise Metro Express Ltd on proper course of Action;
6. To process and recommend payments of claims, whenever necessary;
7. To thoroughly document all aspects of the Project(s) to ensure that the interests of Metro Express Ltd are protected;
8. To monitor progress on Metro Express Project and other Projects and recommend corrective action, as and when required;
9. To check that all deliverables submitted by Consultants are in conformity with the Terms of Reference and Scope of Works;
10. To perform all other duties directly related to the Metro Express Project and other Projects to ensure its successful implementation, as may be assigned by the Management/Board.

C. Pay Package

Salary is negotiable based on qualifications and experience.

D. Mode of Application
